

Pamela Bingham
Head of Bingham Consulting Services
Pre-M.B.A., John Hopkins University

Pamela Bingham heads Bingham Consulting Services of Silver Spring, MD. Ms. Bingham and her associates provide project management expertise and comprehensive environmental management and policy solutions that integrate environmental science, engineering, technology, education, and effective community communication and participation. She has over 14 years of experience addressing issues such as compliance, environmental justice/health, Brownfields redevelopment, and public participation.

In 2003, Ms. Bingham expanded her environmental health work as the consultant Bioterrorism Preparedness Grant Project Manager for the Environmental Health and Bioterrorism Task Force of the National Medical Association. Her clients have included Howard University, Prairie View A&M University, City of Jackson, MS, City of Prairie View, TX, and Malcolm Pirnie, Inc. She has also worked with the Departments of Energy, Interior (including the U.S. Geological Survey and Office of Surface Mining), Transportation, FEMA, and National Capital Planning Commission.

Ms. Bingham has also served on the National Conference of Black Mayors Environmental Justice Conference Planning Committee, and has co-authored two papers while at EPA.

Her commitment to the engineering profession includes involvement with the 2004 SWE (national) Membership Growth and Retention Task Force.

Past distinctions include: NSBE AE Metro Washington D.C. Chapter President; Regional Member of the Year, Co-chairs Regions I/II Professional Development Conference and National Chair, Environmental Justice SIG; Treasurer, D.C. Council of Engineering and Architectural Societies; ASCE Committee on Diversity and Women in Civil Engineering; NACME Forum Planning Committee, National Engineers Week Diversity Summit Panelist; and Future Cities Volunteer Engineer.

Ms. Bingham has a B.S. in industrial engineering from the University of Florida. She holds a graduate certificate in business leadership development from Johns Hopkins University with additional study in environmental science and policy. She has been a graduate student fellow/ ECO intern at the U.S. Environmental Protection Agency. She is associated with Alpha Kappa Sorority, Girl Scouts Council of the Nation's Capital, the alumni groups of Jackson State University and the Johns Hopkins University Leadership Development Program and The People's Community Baptist Church. Ms. Bingham is a native of Jackson Mississippi.
